

# Public note

Bruno Pedro

Monday, January 9, 2023

you must protect your time and do not let it be (un)designed by chance and other people. The crucial thing is to find the proper balance between satisfying communication and creative effort.

---

Found on Deep work. Essentialism in asynchronous culture – jorzel – Backend developer with special interest in software design, architecture and system modelling. Trying to stay in a continuous learning mindset. Like refactoring, clean code, DDD and TDD on 2023-01-09 17:36:00.
