Public note

Bruno Pedro

Thursday, May 19, 2022

you can create new files directly on GitHub in any of your repositories.

This is the syntax of the "new file" URL that GitHub understands:
`https://github.com/bpedro/public-notes/new/main?filename=/2022/05/19/20`

Found on Creating files on GitHub | The GitHub Blog on 2022-05-19 15:41:53.
